GREEN LAND SECURITIES LAUNCHES VILLA PACKAGE FOR PALMA DO MAR

Following the success of phase one at Palma do Mar, Brazilian property development specialists, Green Land Securities, are launching a villa package to further enhance the development. They are offering a three-bedroom villa on its own plot with private swimming pool from just €83,500 including a full design and build service.

The land plots already have planning consent for the construction of luxury detached villas and Green Land Securities are offering the villa package as an ideal stress-free solution to constructing a villa at Palma do Mar.

Taking advantage of the villa package will not only further capitalise on the investment of the land but will also provide a luxury property to be enjoyed either as a holiday home or that can be rented out to generate excellent rental yields.

Palma do Mar is a development of villa plots located in the heart of an approved residential and tourism masterplan and is the sister development of both Jardim do Mar and Oasis do Mar. As such it will enjoy the benefits of their facilities including a hotel with shops, restaurants and bars, a country club and sports facilities including tennis and padel courts, a multi-sport court and an adventure playground for the children.

Green Land Securities' current portfolio includes further developments and land investment projects in the areas of Fortaleza, João Pessoa, Canoa Quebrada, Uruau, and Taiba.
